

# Cleaning Procedures

Your health and safety are important to us. Here's what we do before your arrival to ensure a clean safe environment for you and your family/friends

- Minimum 24-48 hours in between guests' departures/arrivals.
- We use EPA approved Disinfectants for Use Against SARS-CoV-2\*.
- Sheets and towels are laundered in hot water using bleach\*. They are then dried in a hot dryer for a minimum of 30 minutes.
- Bathroom surfaces are cleaned using a bleach-based disinfectant cleaner\* and a bleach-based toilet bowl cleaner\*.
- Kitchen surfaces, cabinets, appliances and general household surfaces are cleaned using a disinfectant multi-surface cleaner\* and/or an alcohol-based surface disinfectant\*.
- Doorknobs, light switches, TV remotes and other hard surfaces throughout the house are cleaned with disinfectant multi-surface cleaner\* and/or disinfecting wipes\*.
- Hard surface floors are mopped with a Hard Surface Disinfectant Cleaner\*.

In addition, upon check-in we provide you with a disinfecting cleaning kit that you may use during your stay for further reassurance.

We Provide:

- Alcohol-based Hand Sanitizer\*
- Alcohol-based Surface Disinfectant\*
- All-purpose Disinfecting Cleaner with Bleach or Hydrogen Peroxide\*
- Bleach-based Toilet Bowl Cleaner
- Bleach or Hydrogen Peroxide based Disinfecting Wipes\*
